LITTLE LEARNERS

3-5 YRS AT 10AM

Starting Kindergarten

Moving from mum & dad care, daycare or pre school is a big change in a little persons life, so doing the transition well is very important.

Talk to your chosen school about their programs, talk to your child about what is going to happen at big school e.g. they will take their own lunch, need to listen to instruction from teachers and others, there is lots and lots of lining up and sitting quietly.

These are the big challenges for any 5 year old.

Come and speak with us at the SaCC if you have concerns, or register for our Little Learners program on Fridays. We run a classroom like program where children learn sounds, writing, team activities and lots of listening!

Registrations are online

We are now open 4 days a week in 2019.
